

# FKOC Walking/Hiking/Running Trails

Our **Spring, Summer, and Fall** walking and hiking trails follow existing ski and snowshoe trails throughout the property. Each trail is marked with colored plastic diamonds and the trails begin and end at the Wax Building. All trail markers are on the right side of the trail. In most cases, sturdy shoes are recommended. Please keep your dog on a leash and clean up the waste.

You are encouraged to become a member and visit often or give a donation to our non-profit organization. Member information and donation boxes are located in the kiosk in the FKOC parking lot.

This trail signage project was made possible by funding from the Maine Department of Agriculture, Conservation and Forestry's Recreational Trails Program and volunteers from the Fort Kent Outdoor Center.
